Abstract:

The Community Links Collection is an assortment of flyers, pamphlets, and materials that represent the work of the Office of Community Links. This office provided a point of contact for IU South Bend students and Alumni for volunteer and internship opportunities. Additionally, they worked to provide Federal Work Study jobs in community agencies. Their aim was to enhance the student's experience through community service. In 2007, Community Links was consolidated into the Office of Career Services. Some activities of the original Community Links office were assigned to Career Services, however most were re-assigned to various offices within Public Affairs and University Advancement.
